

Renee Maire Breitbach, Principal, Breitbach Business Solutions, LLC

I have had the distinct advantage of building a strong association with Battle Creek Unlimited. Breitbach Business Solutions is the 3rd company I've started in Battle Creek and BCU has offered solid business advice and services. In my experience the services included office location identification, advice on government incentives and procedures, marketing and customer referrals. "I choose to do business in Battle Creek because I love this community and Battle Creek Unlimited has made it easy for me to do business here."
